High Speed Railway	Full operation resumes on July 9th	July /09	07:25
Agricultural loss	NTD 663.8 million (USD 21.9 million) at quick estimate	July /08	15:00
Losses in schools	NTD 111.6 million (USD 3.4 million)	July /09	08:00

1. Typhoon Nepartak had decreased to mild level.
2. Though the Central Weather Bureau keeps issuing land warnings against Typhoon Nepartak, winds and rains obviously decrease.
3. Due to over 200mm/24hr rainfalls to the mountainous areas in Hualien County, Taitung County, Pingtung County and Kaohsiung City, the authorities warn possible geo-hazards caused by over-saturated soil.
4. Taitung City in Taitung County received severe damages to buildings and infrastructure and the initial losses could reach NTD 2 billion (USD 60.6 million). Now Taitung City is at recovering phases and cleaning debris laying along streets is a priority job with assistance of soldiers.

# Accumulated rainfalls in 24 hours during Typhoon Nepartak

## Floods in Tainan City (receded)

## Devastations in Taitung County

## Situations in Kaohsiung City
